Chairman's Statement

Dear Shareholder

General Industries plc is quoted on PLUS Markets with a strategy to acquire one or more growing, unquoted companies that wish to seek capital for expansion of their business and a public market for their shares. In the current difficult environment, the company's cash resources are an attraction to any group seeking a market quote.

Financial

As a result of lower interest rates, income received from the company's cash deposits declined to £12,498 against £50,990 for last year. Turnover for the year to 31 March 2010 was £nil (2009: £nil). The loss before taxation was £15,270 (2009: £17,677), which included administrative expenses of £27,768 (2009: £68,667). Administrative expenses for last year included professional costs of £35,469 relating to an aborted transaction. Loss after taxation amounted to £15,270 (2009: £18,432). Loss per share was: basic 0.15p; and diluted 0.15p (2009: basic 0.18p; and diluted 0.18p).

As at 31 March 2010 the company's cash deposits amounting to £982,290 (2009: £994,121) were placed on short term fixed bank deposit.

Dividend

The directors do not recommend payment of a dividend for the year ended 31 March 2010.

Outlook

During the year potential acquisitions in the recruitment, financial services and natural resources sectors were assessed. The latter included companies with proven resources as well as others which required additional funding for existing development and exploration programmes. Your directors continue to analyse a number of potential acquisitions.

Your directors undertook to seek shareholders' approval on an annual basis for the continued pursuit of their investment strategy in the event that a material investment had not been made within one year following admission to PLUS Markets of the company's ordinary shares. A resolution (being resolution 4 as set out in the Notice of Annual General Meeting on page 17) is to be placed before shareholders at the forthcoming Annual General Meeting seeking renewal of that consent. Your directors believe that it is in the best interests of the company and recommend you vote in favour, as they will in respect of their combined holdings of 31.9% of the issued share capital of the company.

Your directors recognise that under certain circumstances, it may be in the best interests of the company to make purchases of its own shares. With this in mind your directors intend to renew a special resolution (being resolution 7 as set out in the Notice of Annual General Meeting on page 17), which, if approved by shareholders, will permit the company to make market purchases of its own shares up to a maximum of 1,530,006 shares (being 15% of the company's ordinary issued share capital as at 11 May 2010). Your directors are requesting this authority to allow them to respond to changes in market conditions where it may become beneficial to shareholders generally to engage in market purchases of the company's shares.

Allotment of Shares

As special business at the Annual General Meeting a resolution will be proposed to renew the power of your directors to allot equity securities, pursuant to section 551 of the Companies Act 2006, such power being limited to one-third of the issued share capital of the company, being an aggregate nominal value of £170,000. Whilst there is no obligation for PLUS Markets listed companies to comply with this code, the directors endorse the principles of effective corporate governance and are committed to maintaining the highest standards of ethics, integrity and professional competence. The directors do not consider full compliance with the code is appropriate for the company at this stage of its development but will keep the matter under review and continue to develop procedures as the company progresses.

Statement of Directors' Responsibilities in respect of the Directors' Report and the Financial Statements

The directors are responsible for preparing the Director's Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Under applicable law and regulations, the directors are also responsible for preparing a Directors' Report, Directors' Remuneration Report and Corporate Governance Statement that complies with that law and those regulations.

Notes

(forming part of the financial statements)

1 Accounting Policies

The following principal accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards and with the Companies Act 2006.

Share based payments

The share option programme allows directors to acquire shares of the company. These awards are granted by the company. The fair value of options granted is recognised as an employee expense with a corresponding increase in equity. The fair value is measured at the date of grant and spread over the period during which the directors become unconditionally entitled to the options taking into account the terms and conditions upon which options were granted.

Taxation

Provision is made for corporation tax payable at current rates on profits as adjusted for tax purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

10 Share Based Payments

The fair values of services received in return for share options granted are measured by reference to the fair value of share options granted. The estimate of the fair value of the option is measured based on a Black Scholes model (with the contractual life of the option built into the model). The option vests once an acquisition has been achieved.

The terms and condition of outstanding share options are as follows:

Date granted	No. of ordinary shares	Option price per share	Exercisable Between
24 February 2006	1,070,004	10p	2006-2011

The principal assumptions used in assessing the fair value of the options are as follows:

- share price – 10.0p;
- exercise price – 10p;
- option life - 5 years;
- expected dividends – 0%; and
- risk-free interest rate – 4.3%.

Notes

1. Copies of the directors' service contracts will be available for inspection at the registered office of the company during usual business hours from the date of this notice until the date of the Annual General Meeting, and also during and at least fifteen minutes before the beginning of the Annual General Meeting.
2. If you are a member of the Company at the time set out above, you are entitled to appoint a proxy to exercise all or any of your rights to attend, speak and vote at the Annual General Meeting and you should have received a proxy form with this notice of meeting. You can only appoint a proxy using the procedures set out in these notes and the notes to the proxy form.
3. A proxy does not need to be a member of the Company but must attend the Annual General Meeting to represent you. Details of how to appoint the Chairman of the Meeting or another person as your proxy using the proxy form are set out in the notes to the proxy form. If you wish your proxy to speak on your behalf at the Annual General Meeting you will need to appoint your own choice of proxy (not the Chairman) and give your instructions directly to them.
4. You may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares. You may not appoint more than one proxy to exercise rights attached to any one share. To appoint more than one proxy, please contact the company secretary, at 56 Station Road, Egham, Surrey, TW20 9LF and provide details.
5. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the Annual General Meeting.
6. As at 16:00 hours on 11 May 2010, the Company's issued share capital comprised 10,200,040 ordinary shares of 5p pence each. Each ordinary share carries the right to one vote at a general meeting of the Company and, therefore, the total number of voting rights in the Company as at 16:00 hours on 11 May 2010 is 10,200,040.
7. The company may hold in treasury any of its own shares purchased pursuant to resolution 7. This would give the company flexibility in the management of its capital base. Any shares purchased by the company not held in treasury will be cancelled and the number of shares in issue reduced accordingly.
8. Shareholders who hold shares through CREST and who wish to appoint a proxy or proxies by using the CREST electronic proxy appointment service may do so by using the procedures set out in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s) should refer to their CREST sponsor or voting service provider(s), who will be able to take appropriate action on their behalf. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instructions, as described in the CREST manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment of the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received at the head office of the company at least 48 hours before the time appointed for holding the meeting or adjourned meeting (as the case may be). For this purpose the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the company is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means. CREST members and, where applicable, their CREST sponsors or voting service provider(s), should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a personal member or sponsored member or has appointed a voting service provider(s) to procure that his/her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service provider(s) are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings. The company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.¹
