#### Drilling underway on Licence 28001, Western Foreland, NW Zambia

The Company is pleased to confirm that Phase 1 drilling on Licence 28001 - HQ - LEL in NW Zambia has commenced. The Licence is situated within the Western Foreland and drilling is targeting Kamoa - Kakulatype mineralisation. A number of potential lithological contacts have been identified by the exploration team that could provide suitable conditions for the development of redox fronts and associated copper mineralisation. These will be tested in the coming weeks.

The Company will provide the market with updates when results are received.
